I am a third-year undergraduate student studying Computer Science and Engineering at BRAC University. I am passionate about programming and enjoy problem solving. Additionally, I enjoy working on challenging projects that require me to think outside the box and come up with creative solutions. I am always looking to improve my skills and learn new technologies. In my free time, I enjoy working on personal projects and participating in online coding challenges. I am a quick learner and I am always willing to put in the extra effort to get the job done right.
